

Installation and user manual for
HydroZnphsStockDownload computer program

Installation and user manual for HydroZnphsStockDownload computer program

1. Computer program description

The computer program 'HydroZnphsStockDownload' is used to download data on products available for sale on the B2B platform of HYDRO ZNPHS (codes, names, prices, availability etc.).

The downloaded data are saved as XML or CSV files.

The computer program is provided free of charge to all HYDRO ZNPHS Sp. z o.o. customers.

2. Hardware requirements

The program 'HydroZnphsStockDownload' has been tested on a computer with the **Windows 11** operating system - we do not guarantee the correct operation of the program on other operating systems.

The computer program additionally requires the Microsoft DotNet Core 8 library, which is free of charge.

This can be downloaded and installed running the program for the first time or manually at <https://dotnet.microsoft.com/en-us/download/dotnet/8.0>.

3. Computer program installation

In order to use the computer program, you require to be a registered user of the HYDRO B2B platform www.b2b.hydro.pl

The ZIP file with the software is available on our B2B platform after logging in, in the Customer Area, under section: "To Download". Please download the ZIP file to your computer, unzip it and then run the file: 'HydroZnphsStockDownload.exe'. We suggest to create a file shortcut on your desktop.

4. Using the software

In order to use the computer program correctly, you have to be a registered user of the HYDRO B2B platform www.b2b.hydro.pl

Once installed and started, the user will see a dialog box in which need to:

- enter your login details from the B2B platform
- choose the folder where the downloaded files will be saved
- choose the format of the file to be downloaded: **XML** or **CSV**
- choose the interface language of the program: Polish or English
- finally, click the button: 'Download file'.

5. General information

Your entered login data will be encrypted and saved - there will be no need to enter it again in the computer program.

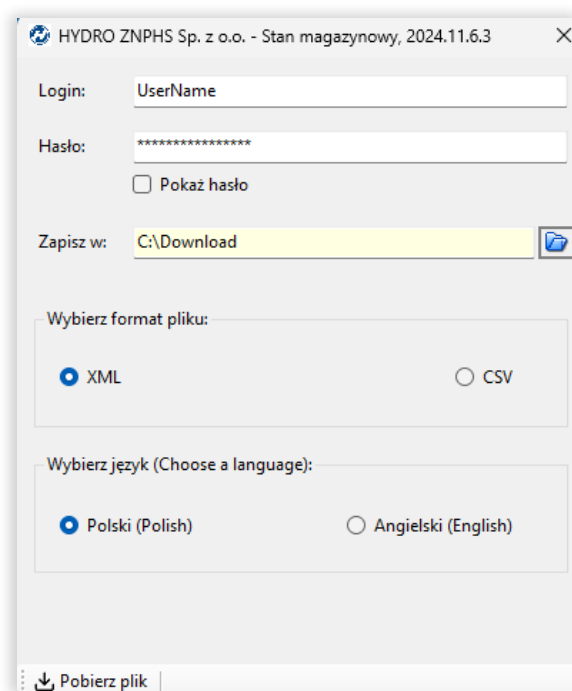

The selected save path, file format and language will also be saved in the computer program configuration.

The prices listed in the files are subject to the individual discounts of the customer and correspond to the prices on the HYDRO B2B platform. The prices shown are net prices, i.e without VAT.

Any technical problems or comments about the computer program should be reported by **e-mail to: it@hydro.com.pl**

PLEASE NOTE: The price offered is for information purposes only and does not represent a trade offer within the meaning of art.71, art.66 par.1 of the Polish Civil Code, and does not reflect the current stock levels. The prices shown are net prices, i.e without VAT.

Any technical problems or comments about the computer program should be reported by e-mail to: it@hydro.com.pl
